***This sale has proved very difficult to construct, half way through my own computer crashed, not only did I lose the list already produced, I lost my entire previous auction material back to 1999.***

***Due to this delay it then clashed with the end of the previous auction to this. Luckily I also keep a long hand version of bids etc, but no scans or printing was possible.***

***Anyway I think I got this finished with a day to go before print dead line on a borrowed computer.***

***A few points of reference that I have been asked by new members lately.***

***Sg stands for Stanley Gibbons and at moment using the 2012 edition***

***Postal stationary items I use the late Ed Deschls book as reference***

***K&M refers to Koepfel-Manners court fees and revenue items (I only have the first addition so my knowledge is limited)***

***Pricing I always try to start at the price quoted it isn't necessarily the reserve but very few vendors allow much leeway***

***I always receive equal bids and the earliest bid always wins the lot***

***For the first time in many years material is running short, if any member in the UK or near Europe (often in Germany) is thinking of disposing of a collection I can collect.***

***Please remember selling this way your material goes to people who care about the subject***

***Anyway have a Happy new year (October doing this)***

***Phill Olds***
